

April 8, 2022 (day 44)

Destroyed houses continue to be dismantled in Borodyanka, **Kyiv region**. The city is considered one of the most destroyed in the region. Thousands of citizens found themselves under the rubble. The bodies of 132 shot people were found in **Makariv**, the village was destroyed by 40%. A significant number of cases of rape of women and children by the Russian military in **Bucha and Irpin** have been reported. Such actions violate Article 27 of the Geneva Convention relative to the Protection of Civilian Persons in Time of War of 1949.

The city of **Kramatorsk in the Donetsk region** came under heavy fire today. Two missile strikes by Iskander on the railway station were inflicted. At the time of the attack, 4,000 people were at the station, as civilians were being evacuated. More than 39 people were reported killed (4 children) and more than 100 injured. Such actions are a gross violation of the laws and customs of war.

The situation during the last month in some cities of **Donetsk region**, in particular, in **Popasna and Rubizhne**, has remained difficult. Weapons are used indiscriminately, destroying civilians and the public. As it was reported yesterday, all hospitals in the region have been shelled, but work continues in **Lysychansk and Severodonetsk**.

Today it was reported that about 700 people died during the battle for the city of **Chernihiv**.
