

UNIVERSITÉ DE GRENOBLE

UNIVERSITÉ DE GRENOBLE

**A major university and scientific city
in Europe**

MAY 2013

The heart of Europe

0 500 km

Grenoble and Savoie

3 hours from Paris by train

France

61 000 000 inhabitants

Rhône-Alpes

6 000 000 inhabitants

Isère

1 200 000 inhabitants

Grenoble

500 000 inhabitants

Savoie

400 000 inhabitants

An exceptional academic site

58,400 students

6 educational establishments

14 Doctoral schools

265 Masters programs

33 Engineering degrees

129 laboratories

58,400 university students

Université Joseph Fourier

Science, technology, healthcare

15,200 students

Université Pierre-Mendès-France

Human and social sciences

15,800 students

Université Stendhal

Languages, literature, fine arts and communication

5,600 students

Université de Savoie

Science, engineering sciences, technology, languages, literature, arts, human and social sciences

12,000 students

Grenoble Institute of Technology

Engineering sciences

4,500 students

Sciences Po Grenoble

Political sciences

1,600 students

+ 3,600 doctoral students in 14 Doctoral Schools

Université Pierre-Mendès-France

Economics and management

Marketing

Law

Political Science

Science of education

Psychology

Sociology

Philosophy

Musicology

Development and town planning

15,800 students

A long tradition in international exchange

7,200 foreign students,

42% of young researchers are foreigners

180 nationalities

20 foreign languages taught

Partnerships with 80 countries

A personalized help and assistance :
• International Students and Scholars Office - ISSO

A multidisciplinary university

Undergraduate and postgraduate programs in a wide range of disciplines:

Architecture, urban and regional planning

Art and culture

Biology

Business studies and management

Communication and journalism

Earth and universe sciences and environment

Economics

Education sciences

Engineering and technologies

Human and social sciences

Law and political sciences

Languages, literature and linguistics

Mathematics and computer sciences

Medicine and healthcare sciences

Physics and chemistry

Sport sciences

Research within the university

14 doctoral schools

3 600 PhD students

- *constant increase*
- *growing internationalization*

129 laboratories

3 800 researchers

Universities are involved in 3 global innovation poles certified by the French government

Worldwide known domains of excellence:

Micro-nano-technologies, Software and smart systems, Fundamental biology, Medicine, Biotechnologies, Environmental engineering, Energy, Management and sociology of innovation...

An exceptional scientific environment

6 international laboratories and instruments:

ESRF

European Synchrotron Radiation Facility

ILL - Institut Laue Langevin

Neutron-flux reactor

EMBL

European Molecular Biology Laboratory

GHMFL

Grenoble High Magnetic Field Laboratory

IRAM

Institute of millimetric Radio astronomy

CERN

European Organization for Nuclear Research

An exceptional scientific environment

9 national research organisations

CNRS

National centre of scientific research

CEA

Alternative Energies and Atomic Energy Commission

INRIA

National Institute of informatics and automatics researches

INSERM

National Institute of Healthcare and Medical research

IRSTEA

Research institute focussing on land management issues such as water resources and agricultural technology

INRA

National Institute of agronomic research

CRSSA

Research centre of the army

IRD

Research and development institute

CEN / CNR

Snow studies centre

An exceptional scientific environment

Many research and development centers

Air Liquide, Sun Microsystems, Schneider Electric, HP, France Telecom-Orange, XRCE – Xerox, Bull, STMicroelectronics, SOITEC, Siemens, Ahlstrom Paper Group, Capgemini, Lafarge, Vicat, BioMérieux, Thalès, Pechiney, BectonDickinson...

Some Technical Centres

CTP (paper)
CSTB (building)
CETIM (mechanical industry)

A dynamic student life

Sport infrastructures:

- olympic swimming pool
- tennis courts
- climbing walls
- sport halls and grounds

A student centre (EVE) on the Grenoble campus

More than 200 student organisations

A student radio

400 cultural events

programmed each year for students

An exceptional natural environment

The Grenoble campus: one of the most beautiful campuses in Europe

- 30 000 trees
- 400 hectares of campus
- 1 arboretum
- 40 fine arts masterpieces

Capital of mountain sports and outdoor activities

Close to most famous ski resorts

Close to 3 massive mountain ranges and natural parks:

- Belledonne
- Chartreuse
- Vercors

Close to the highest mountain peaks in the Western Alps

- Mont-Blanc
- Vannaise range
- Ecrins
