INTRODUCTION

European credit transfer and accumulation system (ECTS) is a system of transferring and accumulating credits used in the European Higher Education Area with the aim to provide recognition, verify qualifications and educational components, facilitate academic mobility of higher education applicants.

The system is based on defining academic workload of the higher education applicants required to achieve specified learning outcomes and is recorded in ECTS credits.

ECTS Credit is a unit measuring the volume of academic workload of higher education applicant required to achieve specific (expected) learning outcomes.

One ECTS credit equals to 30 hours.

Workload of one academic year for full-time study is usually 60 ECTS credits.

Credits are awarded to higher education applicants after successful covering of the discipline and positive assessment of the achieved learning outcomes. Credit transfer and accumulation are facilitated by the use of ECTS key documents.

ECTS key documents are: Catalogue of the Discipline (information package), Application Form, Learning Agreement, Transcript of Records, European standard Diploma Supplement.

Student assessment of results includes the following control measures: entrance, current and final control, attestation. The results of students' studies at KNUTE are valued at the 100-point scale, where 60-100 points are the results of training that give the student the right to obtain ECTS credits, 0-59 points are unsatisfactory learning outcomes that do not give the student the right to get ECTS credits. The evaluation of student learning outcomes is presented in a way that is generally comprehensible and can be readily perceived by different educational institutions, using grade distribution guidance of KNUTE.

1.2. Institution description (type and status in particular).

Kyiv National University of Trade and Economics is one of the most prestigious educational institutions of Ukraine. Its history dates back to 1946. By the Decree of the President of Ukraine the University was given a national status in 2000. In 2006 KNUTE joined the Magna Charta of Universities.

The university occupies a leading position in the system of national higher education. In 2020, KNUTE maintained high indicators of quality of educational activities and consolidated leading positions in the system of national higher education. According to the results of the admission campaign, the university, in keeping with the rating published by the MES of Ukraine by the number of submitted applications (40 818 applications), has retained the leading positions among the topline educational institutions of Ukraine, being in the list of the five most popular ones among applicants for Higher Education Institutions.

KNUTE consists of 5 academic institutes, 9 colleges and 2 higher business schools located in Kyiv, Kharkiv, Vinnytsa, Chernivtsi, Khmelnytsky, Uzhgorod, Colomyja, Burshtyn, Zhytomyr and Odesa.

There are 6 faculties in the basic institution in Kyiv: Faculty of International Trade and Law; Faculty of Economics, Management and Psychology; Faculty of Finance and Accounting, Faculty of Information Technology; Faculty of Restaurant, Hotel and Tourism Business; Faculty of Trade and Marketing.

The university enrolls about 40,000 students, of whom nearly 18,000 are in a basic institution with 24 bachelor and 17 master degrees, 57 bachelor (including 2 in English) and 57 master (including 10 in English) educational professional programs.

KNUTE carries out the training, retraining and advanced training of specialists in foreign and domestic trade, international economic relations, public management and administration, finance and banking, insurance, entrepreneurship, trading and exchange activities, accounting and taxation, financial control and audit, management, marketing, journalism, law, international law, tourism, hotel and restaurant business, food technology, psychology, philology, sociology and IT industry: cybersecurity, software engineering, computer science and system analysis.

The institution of higher education has created a modern base for research work, developed a unique methodology for training scientific and scientific-pedagogical staff: training is carried out according to 8 scientific programs of doctors of sciences, there are 15 educational and research Ph.D. programs, 6 specialized scientific councils for doctoral thesis and master dissertations in 11 specialties.

The university has a powerful scientific and pedagogical team, able to solve set tasks. The creative scientific teams of the University work diligently to solve topical scientific problems, the results of the research are published in the scientific journals "KNUTE Bulletin", "Foreign Trade: Economics, Finance, Law", the international scientific and practical journal "Products and Markets".

The proportion of doctors of science in 2020 in the total number of scientific and pedagogical workers was 17,6%, candidates of science – 59,6%, i.e. the share of employees with a scientific degree was 77,2%. Experts of KNUTE are actively involved in developing strategic directions of quality education assurance, they take part in a number of commissions of the Ministry of Education and Science of Ukraine as well as other ministries and departments.

The structure of KNUTE includes: Institute of Higher Qualification, Center for European Education, Department of distance education support, where specialists are trained and retrained without leaving their main professional activity; Distance learning system, Center for the External Independent Evaluation (EIE) Preparation, Preparatory Department for Foreigners and Stateless Persons, Career Development Center, Center for technology transfer, Center of Knowledge Testing and Monitoring, Career Guidance Center, Center of pedagogical and psychological studies, High School of Teacher Excellence, Center of formation of contracts, Training and

Production Association, Cultural and Art Center, Training and Methodical Department, Training Department, Business Incubator, Training and Research Center for Business Simulation, Scientific and Technical Center for Certification of Products, Services and Quality Systems. There is also a Law Clinic “Center for Legal Protection”, which provides free legal assistance. Institute of Higher Qualification (IHQ) ensures the implementation of the concept of lifelong learning, training, providing educational services, including ones of international level, to prepare highly qualified professionals willing to work in modern economic conditions and compete successfully both on the domestic and international labor markets (MBA programs, second higher education, retraining and further training of staff).

KNUTE has the system of quality management which for the first time has been certified in accordance with the requirements of the international standard ISO 9001:2015 for institutions of higher education of Ukraine. Its harmonious component is the internal system of ensuring the quality of educational activities and the quality of higher education.

The standards of higher education in KNUTE function as a set of requirements for the content and results of educational activities for each level of higher education within each specialty and specialization.

One of the significant advantages of KNUTE is the material and technical base of European level. Classrooms and laboratories are equipped with modern demonstration equipment and inventory. In general, the university has 60 computer rooms.

The university library has: SMART-library; VR-studio; Bibliometrics hall, virtual reality hall; video conferencing and webinar hall; Cybersport area; coworking "KNUTE HUB", as well as to the service of users - 11 reading rooms with open access funds. The library's holdings, which number is about 1 million copies (527672 copies are published in the state language), - a universal basis for the educational process and scientific research.

SMART-library is a new library space integrated into the information and educational space of the university, which provides quality information support for teaching and research activities. SMART-library is conditionally divided into 4 zones: virtual reality zone with VROculusGo glasses and VRHTCVive helmet; the second area of the SMART-library is intended for presentations, there is a plasma panel and there are soft poufs for viewing group projects on the big screen; the third - an interactive area, where an interactive

smart wall is located - a unique solution that allows you to manage an unlimited amount of information on large surfaces; the fourth zone of the SMART-library is a "club" of board games for students.

There is a unique VR-studio with OculusGo and Smart-wall virtual reality glasses, a location that serves as a video studio for bloggers and interviews. The Virtual Reality hall is designed for group practical classes of students, which can use virtual reality glasses to demonstrate educational content created with the help of virtual reality technologies in order to increase the efficiency of assimilation of material by them.

The Bibliometrics hall provides access to full-text electronic resources, bibliographic databases, scientometric research platforms: EBSCO, SCOPUS, WEBOFSCIENCE, etc. Network local resources (educational and methodical editions) make 5141 copies. The hall has free access to WEB-sites of domestic and foreign libraries, electronic information resources of Ukraine and the world, international projects.

There is a table football area for students on the first floor of the library as well as there are big chess and checkers on the 4th floor. Also, there are renovated reading rooms with open access funds, Cybersport area, where conditions are created for training of e-sportsmen.

All halls of the library are equipped with QR-codes with information about specific library services provided to readers by a certain hall.

Coworking KNUTE HUB opens its doors to all who need a comfortable and cozy workplace for productive work, study, meetings, finding new ideas, negotiations, presentations, round tables and workshops. The idea of coworking was realized in the conversion of one of the reading rooms into a modern comfortable place, which combines 6 different zones - 3 work areas, a recreation room, a conference room and a meeting area. The meeting location allows to conduct presentations, lectures and workshops for 70 participants.

Also this year, a new coworking zone has been opened – Phygital Hub. It is divided into several work areas: Artspace area, which is designed for creative activities and generation of ideas; Mediation room, where students can resolve disputes out of court, learn the art of negotiation and the subtleties of diplomacy; as well as the main hall of the hub, which features a so-called starry sky (Ursa Major and Ursa Minor neon constellations). Coworking halls are equipped with everything you need for comfortable learning and rest.

Favorable social and living conditions have been created for students: 6 hostels, 6 cafeterias and 4 dining rooms, laundry and other household units. The university has a sports complex for the students, which includes a football field with artificial cover, basketball and volleyball playgrounds, table tennis, gyms etc. Students and the staff have the opportunity to relax at University recreation bases on the Black Sea coast.

KNUTE concluded numerous agreements on creative scientific and technical commonwealth and cooperation in training specialists in all fields, including the Ministry for Development of Economy, Trade and Agriculture, the Ministry of Finance of Ukraine, Ministry of Foreign Affairs of Ukraine, the State Fiscal Service of Ukraine, the State Treasury Service of Ukraine, Anti-Monopoly Committee of Ukraine, the State Finance Inspection of Ukraine, the Pension Fund of Ukraine, Ukrainian Audit Chamber, the National Bank of Ukraine as well as the leading commercial banks, trade, hotel and restaurant chains, advertising agencies, logistics and distribution centers and other organizations and institutions.

Creative contacts are established and maintained with more than 100 institutions of higher education, international centers and institutions from 30 countries of the world. An exchange of teachers and students is carried out, the improvement of educational programs at different levels of training and retraining of specialists as well as international projects on the integration of higher education are implemented, students undertake an internship in 6 foreign countries.

The university is a member of the prestigious international organizations: the European Public Law Center (EPLC), the Magna Charta of the European Universities, the Francophone University Agency (AUF), the International Association for Commodity Science and Technology, the International Culinary Union, the European Retail Academy, the World Leisure Organization.

There are well-known public figures, heads of state and government authorities, organizations and businesses, diplomatic officials and scientists, entrepreneurs among the graduates of the university.

1.6. Admission requirements, including language policy and registration procedure.

Information on the conditions of admission to study for educational degrees of “Bachelor” and “Master” is available on the website of Kyiv National University of Trade and Economics: <https://knute.edu.ua/blog/read/?pid=38909>

1.7. Mechanisms for credit mobility and prior learning recognition (non-formal and informal).

Definition of credit mobility and prior learning is conducted under the Law of Ukraine “On Education”, the Law of Ukraine “On Higher Education”, Regulations on the procedure of realizing the right for academic mobility at KNUTE and agreements on education in terms of academic mobility.

The regulation of credit mobility is based on the following documents:

- course catalogue;
- learning agreement;
- academic transcript;
- certificate of educational practice.

Under the terms of credit mobility a student gets transfer of all credits he/she obtained outside the main educational institution and which are the components of the educational program.

1.8. Policy of ECTS credits distribution (institutional credit framework).

Distribution of ECTS credits is based on the official length of training program cycle and is defined by the curriculum. KNUTE distributes credits among academic disciplines independently. Credits are distributed to all the disciplines covered by the student, practical training, completion of final qualifying projects (assignments), certification. Credits are awarded only after completion of the discipline and on condition of successful completion of one of the final control, passing of the practical training and attestation.

1.9. Mechanisms of academic management.

Mechanisms of academic management at KNUTE are defined by the regulations:

- Regulations on the organization of the educational process of students;
- Regulations on distance learning at KNUTE;
- Regulations on the procedure for realizing the right for academic mobility at KNUTE;

- Regulations on individual student curriculum at KNUTE;
- Regulations on independent work of students and post-graduate students at KNUTE;
- Regulations on the organization of completion and public presentation of term papers (projects) at KNUTE (new edition with changes and additions);
- Regulations on conducting student practical training at KNUTE/Regulations on organization of students' practice abroad;
- Regulations on assessment of learning outcomes of students and post-graduate students;
- Regulations on the appeal of the results of the final knowledge control of the students of KNUTE;
- Regulations on graduation qualification work;
- Regulations on graduation qualification project (work);
- Regulations on the certification of higher education applicants and the examination commission for certification at KNUTE;
- Regulations on the procedure and grounds for the issuance of documents on higher education of the state standard at KNUTE;
- Regulations on the system of rating assessment of the students of KNUTE.

2. Resources and facilities.

2.1. Student Registration department.

In the Department of Student Registration identification records, education documents, work record books of students studying at KNUTE are kept. The main tasks of the Department are:

- 1) timely introduction of current changes in identification records;
- 2) keeping documents in proper condition;
- 3) providing information upon written requests of any institutions;
- 4) providing information to students;
- 5) acceptance of students of preferential category.

2.2 Accommodation/housing conditions.

On the territory of the campus there are four dormitories, situated 5 minutes' walk from the main academic building and 15 minutes' walk from metro stations "Lisova" and "Chernihivska". The city center (Khreschatyk Str.) can be reached in 30 minutes. There's a forest park zone and Kyoto Park

near the university. Another dormitory is located at 23 Lobachevskogo Street (within 20 minutes' walk from the main academic building).

In the hostel there are rooms for 3, 4, 5, 6 beds, kitchens on each floor, bathrooms as well as centralized laundry.

Students from other cities get housing in dormitories according to the list formed by the admissions committee and transferred to the directorate of the campus. Between the university and the student a contract for the right of hostel student residence is concluded, in which the rights and duties of the residents as well as the responsibility of both parties are established.

Hostels addresses:

2.3. Catering.

The University has four modern canteens in buildings “B”, “D”, “E”, and “H” (57-a Chigorin st.), where there is an opportunity to take quality and balanced dishes at a reasonable price. In particular, cafeteria "Venice" (building B) serves Italian cuisine.

The average cost of breakfast in the canteen of the university is from 30 to 40 UAH; lunch is from 50 to 60 UAH; dinner is from 35 to 45 UAH.

Cafes work every day in all academic buildings, where it is possible to buy own-produced foods: main dishes (over 100 types), side dishes (over 60 types), cold dishes (over 60 types), cold and hot drinks, fresh pastries and desserts, produced in own confectionery shop (over 100 types). Vending machines with hot and cold drinks as well as confectionery operate in all academic buildings and dormitories.

2.4. The cost of accommodation.

The cost of accommodation of higher education applicants in the dormitories of KNUTE is determined by a joint order of 28.03.2011 №284/423/173 of the Ministry of Education and Science of Ukraine, Ministry of Finance of Ukraine and Ministry of Health of Ukraine and is set at 40 % of the minimum academic scholarship.

2.5. Financial support of students.

2.5.1. Scholarship provision of students.

Full-time students, studying at the expense of the state budget, according to the semester control based on the rating, are assigned an academic achievement scholarship.

First-year students receive academic scholarship in the first semester according to the results of competition points on admission to the university.

For excellence in studying, taking part in scientific and public work university students may be allocated personalised academic scholarships of The President of Ukraine, Verkhovna Rada (Supreme Council) of Ukraine, Cabinet of Ministers of Ukraine, Kyiv City Head etc.

For success in studying, participation in scientific, public and sport activity students may be encouraged with valuable presents and monetary rewards as well.

Allocation and payment of scholarship to students, who are foreign citizens and people without citizenship, is done according to Ukraine's international agreements and current regulatory acts. For foreign students, who entered KNUTE for studying in accordance with international agreements, the academic scholarship is assigned to the first semester control at a minimum.

To students, studying on contracts signed between university and physical or legal entity, scholarship can be paid at the expense of these persons, if it is foreseen in contract.

To students of privileged categories defined by the law of Ukraine (students from orphans as well as children deprived of parental care, students with disabilities, students from low-income families, suffered from Chernobyl Disaster, combatants and their children, internally displaced persons, students who permanently reside on the line of conflict, etc.) social grants are assigned.

Size of academic and social scholarships is established according to the Resolutions of the Cabinet of Ministers of Ukraine.

2.5.2. Privilege payment for accommodation in hostels.

Students of privileged categories, defined by the laws of Ukraine and the resolutions of the Cabinet of Ministers of Ukraine (students from orphan children and children deprived of parental care, combatants and their children, internally displaced persons, students with disabilities, etc.) have the right of priority to university dormitories.

Students from orphans and children deprived of parental care, combatants, persons with disabilities as a result of the war, victims of the Revolution of Dignity are entitled to free accommodation in dormitories until graduation from KNUTE.

Children of killed parents in the ATO area, fighting or armed conflict, participating in the Revolution of Dignity, children of war participants, persons with special needs as a result of war, victims of the Revolution of Dignity are

entitled to free dormitory accommodation until completion of their studies, but no longer than 23 years of age.

Students registered as internally displaced persons, as well as students who are permanently resident on the contact line, are entitled to 50% discount on accommodation allowance (up to 23 years of age).

2.5.3. Financial provision of orphaned students and children deprived of parental care.

Individuals from orphans and children deprived of parental care as well as persons who were left without parents during their studies aged 18 to 23 are enrolled in full state maintenance and receive food compensation and other payments provided by the current legislation.

2.6. Medical services.

University students in need of medical care have the right to conclude a Health Care Declaration with the desired family doctor. In particular, you can choose a doctor from a wide range of professionals according to territorial indicators, as the list of family doctors in the Desnyansky district of Kyiv is quite large, and it is also possible to conclude a Declaration in the KNP "Kyiv City Student Clinic" (Kyiv, Politechnichna St., 25/29), or in public, private hospitals or other medical institutions of Kyiv.

Medical care for foreign citizens temporarily staying on the territory of Ukraine is provided in state and municipal health care centers at the foreigner's own expense, including health insurance contracts with insurance companies of Ukraine.

Medical care is provided to students under the direction of a family doctor. Emergency medical care is provided free of charge, without any preconditions. Students do not need a Declaration to receive emergency assistance.

2.7. Insurance.

Medical assistance is given to foreigners or persons without citizenship according to the rules, written in the Legislation of Ukraine.

Provision of medical assistance to foreign citizens is carried out according to the Order of providing medical assistance to foreigners and people without citizenship, who temporary live on the territory of Ukraine, approved by the Cabinet of Ministers of Ukraine Act from the 22nd of June 2011 № 667 and Article 44 of the Law of Ukraine "On insurance".

Foreigners and persons without citizenship can apply for medical assistance, including emergency, to any state or municipal medical care establishment.

Payment of medical assistance cost, including emergency, is carried out by foreigners or persons without citizenship in case of deficiency of insurance contracts and insurer, if a foreigner has a proper insurance contract.

If necessary, the university helps to obtain medical insurance card for providing medical assistance.

2.8. Opportunities for students with disabilities and special needs.

Kyiv National University of Trade and Economics carries out the organization of educational process of persons with special educational needs in accordance with the current rules of law.

The university's management has created favorable conditions for studying and living and is constantly paying attention to their improvement.

During the reporting period, 62 people with special educational needs study at the university (including 33 women and 29 men).

Students with special needs (Group I-III) receive a social scholarship in accordance with Decree №1045 of December 28, 2016 “Some Issues of Paying Social Scholarships to Students (cadets) of Higher Education Institutions”.

To ensure the educational needs of young people with disabilities and unimpeded access to the university, all training buildings are equipped with ramps, handrails and light switches at the level of access of a seated person.

In particular, building A is equipped with a lifting platform and an elevator for people with disabilities, building D, L, the assembly hall (Congress center), hostels № 2, № 4, № 7 – have ramps for the arrival of carts as well as handrails. Students with impaired musculoskeletal disorders are given keys to the lifts.

All the main premises of the university have natural lighting, and the location of furniture and equipment according to sanitary requirements is taken into account. There are facilities for disabled persons in the central building and in the Congress Center.

There are specially equipped rooms (toilet and bathtub, equipped with special handrails) to improve the living conditions in the dormitories of students with disabilities.

2.9. Learning facilities.

Library of KNUTE is a research, information, cultural and educational structural unit with comprehensive funds of documents. The main purpose of library's activity is to actively promote the development and implementation of advanced learning technologies, creating conditions for effective scientific and educational process. The administration of the university assists in broadening the informational resources in the library, creation availability and convenience in using the book funds. Library funds are a universal basis for the educational

process and research in the field of economics, trade, finance, management, business and so on. This is one of the main information resources of KNUTE Library, which has more than 1 million copies of books, periodicals, dissertations and abstracts, and publications on electronic media. Annual increase of library's documents fund makes up nearly 6,000 copies, periodicals of Ukraine and foreign countries makes up 100 items.

The library has a modern material and technical base: 75 computers and 3 powerful servers are installed, HTC Vive virtual reality helmet, VR Oculus Go glasses - 18 pcs., plasma panel - 5 pcs., Smart-wall - 2 pcs., portable recorder and acoustic ceiling system for video conferencing hall. The necessary conditions for effective customer service, organization of document funds, electronic catalogs, and document exhibitions are created in the library. The entire library area has high-quality Wi-Fi coverage.

The library users have 11 reading rooms with open access funds, 7 subscriptions, Bibliometrics hall (full-text electronic resources), SMART-library, unique VR-studio, virtual reality hall, Cybersport zone, video conference and webinar halls, updated halls for new literature and foreign publications, MBA, fund of dissertations and abstracts, comfortable recreation areas with table football, chess and checkers.

All work processes in the library are automated: acquisition of the fund of documents, scientific processing of documents, issuance of documents to users, search of documents in the electronic catalog is carried out by means of the automated library and information system "UFD / Library". To record and use the library, a digital signature (PIN-CODE) has been introduced into the user's electronic form.

The SMART library is an open space, zoned for reading, conferences, lectures, workshops, presentations using SMART-wall and plasma panel. Workstations with computers, virtual reality area with HTC Vive virtual reality helmet and Oculus Rift virtual reality goggles are designed for all the visitors. For recreation and leisure, there is an area for intellectual board games, in the reading room there is a table football, a chess board with big chess and checkers. The SMART library offers a variety of activities for training and has all the technical opportunities for creative pastime of youth.

The VR studio is equipped with Oculus Rift virtual reality goggles, computers for personal use, or with your own laptop or phone. For collective tasks, there is a SMART-wall with connection to the World Wide Web. There is a specially equipped "corner", which serves as a video studio for bloggers and to record interviews. This is especially true for students studying journalism and PR.

Video conferencing and webinar room is a modern location for video conferencing, webinars in real time, which provides space for the library to comfortably meet the information needs of users. The hall is equipped with modern furniture (tables and chairs), a laser projector with a large screen,

plasma panels for video demonstration, a wireless microphone, a webcam and a ceiling speaker system.

The virtual reality hall is designed for group practical classes of students with the use of virtual reality glasses to demonstrate educational content created using virtual reality technologies in order to increase the efficiency of students' learning. The hall is equipped with OculusGo virtual reality glasses (10 pcs.), plasma TV, comfortable gaming chairs and tables. Students not only process the study material, but cooperate, which provides them with vivid impressions of the lesson.

The Bibliometrics hall gives you free access to online full-text and scientometric databases. It contains a database of electronic textbooks, training programs, video courses on electronic media, with the possibility of copying and further processing of the information found. The hall provides online access to the funds of domestic and foreign libraries and the following databases:

- SCOPUS reference database.
- WEBOFSCIENCE information research platform.
- Full-text databases from the publishing company EBSCO PUBLISHING.
- ScienceDirect - a polythematic database of full texts of Elsevier articles.
- DOAB (Directory of Open Access Books) - a directory of open access books.
- DOAJ (Directory of Open Access Journals) - a directory of peer-reviewed scientific and academic journals in all fields of knowledge.

- Full-text electronic database of educational and methodical materials of KNUTEU.
- Normative acts of Ukraine - Base of legislative and normative acts of Ukraine.
- Open Archives of Ukraine.

“ASKLibrary” information and reference service provides complete information on the effective use of library resources for students, teachers and guests of the university. The library helps users to develop skills and competencies when working with library and information resources: for first-year students organized tours of the library, practical classes on finding documents in the electronic catalog of the library.

KNUTE library website (www.lib.knute.edu.ua) provides complete information about the library, its funds and services, the electronic catalogue and other electronic resources (scientometric, bibliographic, fulltext database), designed to meet the needs of users. The reader can also get instructions on how to search, promotional and cognitive information for users, virtual book

exhibitions, 3D tours, reports on events held in the library. The following factors were taken into account for the creation of the new website of KNUTE Library: design, structure, convention, navigation and ways of presenting the material. You can search documents, create lists of documents as well as send them to your own email address from *mobile devices* (smartphones and tablets with Android operating system) via mobile app using QR code. The website provides the library with an opportunity to reach a large number of users, effectively communicating with them and creating a positive image.

The introduction of new technologies gives an opportunity to significantly extend informational supplement of library users, which affects the quality of the educational process. Collaboration with KNUTE structural units (faculties, departments, scientific and service departments) by addressing information as for new publications via the corporate application Office 365 is intended to improve the use of library funds and information resources. A multidimensional book fund, computer network of libraries, reference information apparatus, library innovation, introduction of advanced technologies, experienced professional staff, improving the organization and regulation of labour, modern design, modern technical equipment and maximum computerisation of manufacturing processes contribute to the success of the library and a quality user's service.
